

Nomination for F. Eugene Rebolz for ASC Lifetime Achievement Award

F. Eugene Rebolz received a Bachelor of Architectural Engineering from Iowa State University in 1966, a Masters of Engineering from Penn State University in 1969 and an M.B.A. from Bradley University in 1976. He began teaching in 1969 and after retiring in 2008 is an Associate Professor Emeritus at Bradley University.

He is a registered Professional Engineer in Illinois and worked as an estimator, superintendent, engineer, and structural designer as well as a consultant to a number of insurance companies, firms and individuals in areas of collapse, damage, workmanship, and construction recommendations. Gene received the Outstanding Faculty Award for the Department of Civil Engineering and Construction twice. He was also involved in various professional and service organizations.

He served the Associated Schools of Construction (ASC) for many years as the national President, Vice President, Secretary, and Treasurer, as Regional Director and in numerous committee activities. He is a member of Sigma Lambda Chi and served as its National Vice President and as a local chapter advisor.

Some of his most amusing and enjoyable contributions to the ASC conferences were his resolutions made at the conclusion of each conference listing the 'whereas' of the conference (listing all of the humorous, odd or unusual things that happened at the conference) and 'wherefore', closing the conference.
